Go green at home

Visit Singapore's largest reclaimed wood furniture showroom and help save the earth by taking home several (if not all) "green furniture". The exquisitely handcrafted furniture on display at the d-Bodhi Furniture Concept Showroom blends opulence with bionomics.

Make eco-friendly statements with d-Bodhi tables, wine racks, cabinets, chairs and accessories, which are made from old wood. Furniture lines such as Fissure, Lucy, Trapesium, Lekk and Octa that reflect comfy, fresh and green designs are sure to win the hearts of conservationists.

d-Bodhi is located at 12 Kung Chong Road.
